

First and foremost, we want to thank all of you for your outpouring of support and understanding as we navigate our way through these most difficult and ever-changing times, we have all been faced with since early 2020.

The Covid-19 pandemic has brought many challenges upon us but we at Esprit believe education is important, which is why we have developed policies for team members, residents and visitors explaining and reinforcing the importance and requirements for social distancing, universal masking and hand hygiene. We also continue to monitor the spread of COVID-19 and follow the Chief Medical Officers of Health and Local Public Health Authority directives to help keep our team members and your loved ones safe and healthy and to reduce the risk of COVID-19 spread in our communities.

Every day we are learning and every day we make it our goal to protect those most important to you.

Thank you for putting your trust in us. We are in this together.
